The Academy’s Peer-to-Peer mentoring CEU program is a self-directed opportunity that allows members to earn CEUs through a peer mentorship experience. Individuals who choose to participate in the program are responsible for seeking out a peer mentor. Peer mentors are not required to be listed on this registry to serve as a mentor. This registry is intended solely to assist individuals seeking a mentor.

This Registry is a list of subject areas identified by individuals who are willing to entertain interest from the community for a peer mentorship experience. If you are interested in a mentorship opportunity in one of the subject areas identified below, please contact Katy Sidwell for an introduction. Individuals appearing on this list are not obligated in any way to participate in a mentorship experience.

If you would like to appear on the P2P Mentor Registry, please contact Katy Sidwell with your complete contact information and subject area of expertise.
